

Our Newham Learning & Skills National Apprenticeship Week – 10th to 16th February 2025

Let's Talk Apprenticeships

As an apprentice, you can get training and qualifications while you work and earn a salary. Apprenticeships give you the opportunity to work for a real employer alongside experienced staff, gaining hands-on experience in your chosen field. You will earn a salary and gain a qualification as well as valuable workplace experience, relevant job-specific skills, and improved career prospects for the future, helping you achieve your long-term career goals.

Newham Apprenticeship Fair 2025

In celebration of National Apprenticeship Week 2025, we are excited to announce the return of Newham's seventh annual apprenticeship fair. This event is designed to empower residents and connect them with resources that can aid their growth. Join us next Wednesday 12th February from 10am-4pm at Stratford Old Town Hall.

Discover the many opportunities apprenticeships offer and break the misconceptions about who they are for. Meet local employers, hear inspiring stories from current and past apprentices and learn about the application process, pay and benefits.

This will be a fantastic chance to discover exciting opportunities, gain valuable insight and connect with employers and the community.

Applying for an Apprenticeship

If you are looking to find and apply for an apprenticeship, we recommend visiting the government's official apprenticeship search page: [Find an Apprenticeship](#). This tool allows you to search for apprenticeships in your chosen field, helping you explore opportunities that align with your career goals. Join us and our employer partners in celebrating Newham Apprenticeship Fair 2025.
