Welcome to Our Newham Learning & Skills

This is the first step in taking an opportunity to transform your life. So whether you want a change in career or to retrain, a short course that can lead to a job, to gain confidence, to step back into learning and meet new people, our staff will provide a warm welcome and support you to reach your potential.

We offer local, accessible, high-quality courses that are delivered face-to-face across Newham. Whether you are studying for a day or a year, in the daytime or evening, we are here for you.

Our Newham Learning & Skills is a fantastic place to get the support you need to gain new skills and knowledge. Our highly experienced staff are committed to making a difference to your life.

I look forward to welcoming you to Our Newham Learning & Skills.

Jaspal Dhaliwal

Head of Our Newham Learning & Skills

Success story - Ana Braga, ONLS Learner

Ana is one of our many dedicated learners who has been making incredible strides in her education with ONLS and her career aspirations. Alongside other ONLS courses, Ana has also undertaken a series of Sustainability courses, reflecting her passion for creating a better, greener future.

Ana was thrilled to secure an exciting work experience opportunity to with T&B Construction on the development of the new Hartley Medical Centre, located in Newham. This hands-on experience allowed her to contribute to key aspects of the project, including designing the floor plans and implementing the lock and key system for each floor.

Professional, Community and Family Learning

Whether you are looking for a vocational, creative or sustainability course, we have the right one for you within our Professional, Community and Family Learning curriculum area.

We offer an exciting range of courses that allow your inner creativity and skills to emerge and flourish and that will help you towards your future goals and career.

Courses Include:

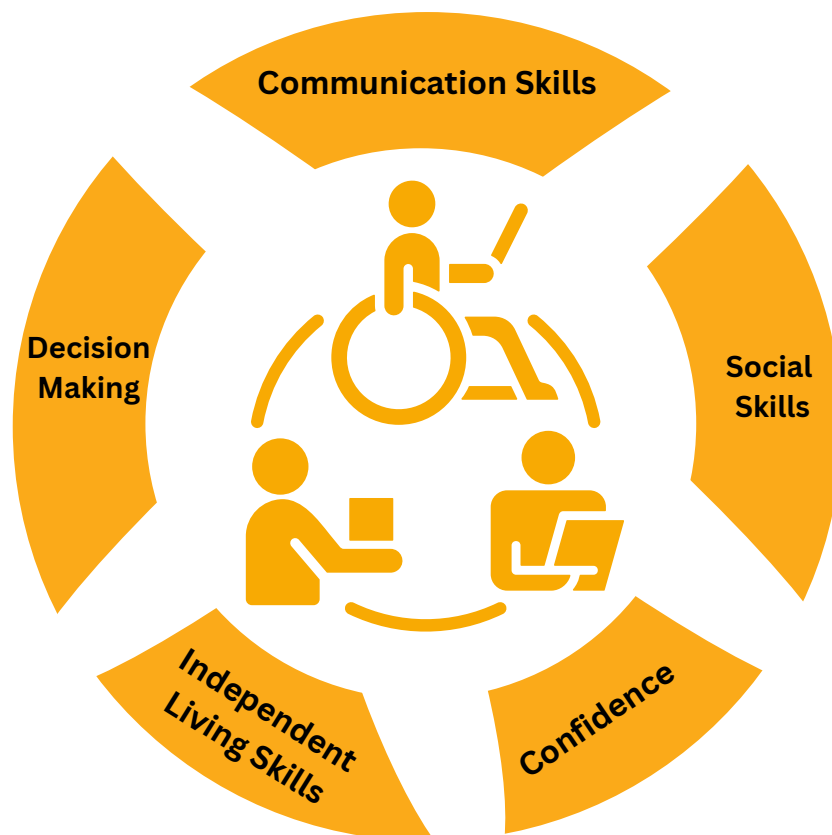

- Early Years
- Teaching Assistants
- Community Interpreting
- Silver Jewellery Making
- Cake Baking and Decorating
- Biodiversity and Sustainability

Enrichment - Learning beyond the Classroom

Cake Baking and Decorating learners taking part in our termly 'Cake Off competition'.

Inclusive Learning

We have a range of exciting and progressive courses for adults with special educational needs and disabilities to support personal well-being, develop social skills and encourage independent living.

Enrol now for our online courses.

ESOL (English for Speakers of Other Languages)

Our ESOL courses focus on developing English language skills, knowledge and confidence.

We offer a wide range of free accredited and non-accredited ESOL courses across Newham at different locations and levels.

Our ESOL courses are delivered at:

- Priory Park Centre
- Forest Gate Learning Zone
- Beckton Globe
- Little Ilford Learning Zone
- Libraries

Enrichment - Learning beyond the Classroom

Learners have the opportunity to attend various personal development activities such as educational trips whilst on our courses.

ONLS ESOL learners visiting the Houses of Parliament.

Enrichment at Our Newham Learning & Skills

As well as learning in the classroom we also encourage learning essential life skills. For example, in collaboration with Body Swaps, ONLS learners had the chance to develop their interview skills using virtual reality headsets in our I-immersive classroom at North Woolwich Learning Zone

"The experience was very good. As it helped me to identify what areas I need to develop such as my body language when speaking to the interviewer."

Mihaela Monu, ONLS learner

"The VR opportunity was amazing. It helps you identify your strengths and weaknesses within the example interview I gave. I will now practise on the areas I need to develop so I am ready for an interview opportunity"

Jariff Hassan Khan, ONLS learner

We also welcomed colleagues from Well Newham to provide our learners with information on the available services in Newham such as well-being, financial and employment support.

"I found the session insightful. It provided me with information that I can apply and use in everyday life."

Maryam Razaq Din Naz
ONLS learner
